

MACHINE SHOP

Turning

- Centre lathe
 - Max. turning length 18,000 mm
 - Max. turning diameter 2,500 mm
 - Max. diameter in front of support 2,500 mm

- Vertical turret lathe
 - Max. turning height 2,500 mm
 - Max. turning diameter 4,000 mm

Milling

- Horizontal boring machines
 - Max. transverse movement 4,850 mm
 - Max. working height 4,450 mm
 - Spindle diameter 175, 200, 250 mm

- Portal milling machine for square ingot milling
 - Working length 9,500 mm
 - Working width 2,100 mm
 - Working height 900 mm

Boring

- Horizontal boring machines
 - Parameter for analogue milling

- Gun drilling machine
 - Max. drilling length 10,000 mm
 - Max. drilling diameter 380 mm

- Honing machine
 - Max. honing diameter 450 mm
 - Max. honing length 10,000 mm

Sawing

- Max. dimensions 1,200 x 1,080 mm

Crane carrying capacity

- up to 75 tons
